SOLO NEWSLETTER August 2008

Greetings from the SOLO Travellers Club.

The month started off in grand style with our day trip to Yeronga Park and the Into Africa Festivities which were part of the Brisbane Festival.

45 SOLO members joined another 8 of the Travel Masters senior staff for the leisurely trip up the motorway.

New friendships were made and indications are that the SOLO Travelers Club does indeed fill a void in the market place for single travelers.

Our next Get Together is truly unique. On November 7th, we're inviting 10 only SOLO members to fly down to Sydney with one of our consultants for a special tour of the Holland America Line Cruise Ship MS Volendam...one of the most luxurious cruise vessels in the world. Lunch will also be provided on board so it's a wonderful opportunity indeed.

STOP PRESS: 8 spots have been taken already so move quickly!!

Further information can be found on the website (www.travelmasters.com.au) or by calling any of our three offices.

We are currently looking at the next offering which will also provide SOLO Members with the opportunity to get together prior to Christmas and start planning their 2009 vacations!

Thanks to all those who participated in our Into Africa Experience and we look forward to seeing many of you again when we journey together.

Bob & Beth Malcolm
